

illion Privacy Policy

Who is illion?

illion is a leading provider of a wide range of information services. For purposes of this Policy, “illion” means illion Australia Pty Ltd, illion New Zealand Ltd and their related bodies corporate. To simplify matters the illion group of companies are referred to as “us” “we” and “our” in this policy.

Personal Information may be shared between illion’s related companies where permissible by privacy laws.

The details of what Personal Information is retained and how it is used will vary based on the nature of the illion service that is provided. Please refer to the relevant product services below:
